

Aboite Center Road: Coventry Lane to Jefferson Boulevard

(DES# 0100706)

UNDER CONSTRUCTION

Project Description

Aboite Center Road improvements consist of widening to four 12' lanes with curb & gutter, a 5' parkway, an 8' multi-use path on the north side and a 5' sidewalk for the south side of the road. Dicke Road will be realigned to create a new signalized intersection at the entrance to Lutheran Hospital and Aboite Center Road. Left turn lanes will be added to Aboite Center Road at the intersection of (realigned) Dicke Road and at the Coventry Lane intersection.

Project Update

This project is scheduled to be completed by the end of 2010. The 2009 construction season will include the Dicke Road realignment, storm sewer installation at the west end, utility relocation and traffic signal improvements. Most of the roadway, sidewalk and trail construction, along with additional storm sewer improvements, will occur in 2010. The funding for this project is provided through two funding programs, Surface Transportation Program (STP) and Highway Safety Improvement Program (HSIP).

The following is the cost breakdown for the Aboite Center Road project reflecting how it was programmed in the Transportation Improvement Program (TIP).

Project Phase	Estimated Cost	Fiscal Year	Federal Share	State Share	Local Share
CN	5904500 (STP)	2009	4723600	0	1180900
	2,777,778 (HSIP)	2009	2,500,000	0	277,778
Total	8682278		7223600		1458678

Cost Update

Brooks Construction had the low bid for this project at \$6,608,095. This bid is for construction only. The estimated cost listed above is construction cost plus construction engineering & inspection. Construction engineering & inspection is estimated at \$1,301,679 for this project.

Current Project Cost*: \$8,615,411

*This includes the bid amount, construction engineering & inspection cost and change orders. Change orders are unforeseen costs and omissions. Examples of change orders include, but are not limited to the following: utility relocations, unstable soil, etc.

The local agency responsible for this project is the Allen County Highway Department. You may contact the Highway Department at 449-7369, if you have any questions or comments.
