

Bostick Road: Bridge #262 over St. Mary's River

(DES# 0500904)

UNDER CONSTRUCTION

Project Description

This project involves the construction of a new bridge over the St. Mary's River for Bostick Road. The new bridge will be approximately 65' south of the existing bridge and tie back into the existing approaches. The proposed road section will have 2-12' lanes and 6' shoulders to allow farm machinery to cross the bridge. Guardrail will be present on all four quadrants of the bridge. The existing truss will remain in place and be rehabilitated for pedestrian use.

Project Update

This project was bid on Wednesday October 6, 2010. The construction phase of this project is scheduled for 2011. The funding for this project is provided through the Group IV - Bridge program.

The following is the cost breakdown for the Bostick Road bridge project.

Project Phase	Estimated Cost	Fiscal Year	Federal Share	State Share	Local Share
CN	1,893,000	2011	1,049,700	0	843,300

The local agency responsible for this project is the Allen County Highway Department. You may contact the Engineering Department at 449-7369, if you have any questions or comments.
