

Maysville Road & Stellhorn Road

(DES# 0710321)

Project Description

A feasibility study is being completed to determine the appropriate improvements for this intersection. A roundabout is one of the possibilities for the intersection.

The preliminary engineering phase for this project is scheduled for 2014. The construction scheduled is not known at this time. This project is being funded through the Congestion Mitigation Air Quality (CMAQ) fund.

The following is the cost breakdown for the Maysville Road and Stellhorn Road intersection improvement project.

Project Phase	Estimated Cost	Fiscal Year	Federal Share	State Share	Local Share
PE	250,000	2014	200,000	0	50,000

The local agency responsible for this project is the City of Fort Wayne. You may contact the Engineering Department at 427-1172, if you have any questions or comments.
