

Monroeville Road: Bridge over Hoffman-Lepper Drain

(DES# 0500070)

UNDER CONSTRUCTION

Project Description

This is a bridge replacement project. The roadway on the new bridge will be nearly eight feet wider than the old structure. New guardrail will be installed at the ends of the bridge. Approximately 100' of roadway work will be completed on each side of the bridge to transition to the existing road.

The construction phase of this project is scheduled for 2011. The funding for this project is provided through the Group IV-Bridge program.

The following is the cost breakdown for the Monroeville Road bridge project.

Project Phase	Estimated Cost	Fiscal Year	Federal Share	State Share	Local Share
CN	654,800	2011	523,800	0	131,000

The local agency responsible for this project is the Allen County Highway Department. You may contact the Engineering Department at 449-7369, if you have any questions or comments.
