

NIRCC
ANNUAL LISTING OF OBLIGATED PROJECTS
(ALOP)
FOR FY 2024

LOCAL PROJECTS
TRANSIT PROJECTS
INDOT PROJECTS

September 2024

The Northeastern Indiana Regional Coordinating Council (NIRCC) is the designated Metropolitan Planning Organization for the Allen County, Fort Wayne, and New Haven urbanized area. Every two years NIRCC produces a Transportation Improvement Program (TIP) that contains listings of transportation projects proposed to be undertaken over a five-year period. The current TIP is for fiscal years 2024 through 2028. Many of the projects listed in the TIP will use federal funds from the Federal Highway Administration (FHWA) or Federal Transit Administration (FTA).

Federal regulations require that Metropolitan Planning Organizations (MPOs) publish an Annual Listing of Obligated Projects (ALOP) for which federal funds are being used for project development and construction. An obligated project has received authorization from a federal agency, and federal funds have been committed to the project. Projects for which funds have been obligated are not necessarily completed in the fiscal year, as projects can go through multiple phases including design and land acquisition prior to construction. The amount of the obligation will not necessarily equal the cost of the project due to phasing over multiple years, contract changes, and other unforeseen modifications.

The ALOP report documents the projects listed in the TIP that had federal funds obligated in fiscal year 2024. Fiscal year 2024 ran from July 1, 2023, to June 30, 2024. The report contains the detailed funding information for Local, Transit, and State projects that received federal funding in fiscal year 2024.

NIRCC Annual Listing of Obligated Projects - FY 2024 (July 1, 2023 to June 30, 2024)

Project funding for phases of Preliminary Engineering (PE), Right of Way Acquisition (RW), Utilities (UT), Railroad (RR), Construction (CN), and Construction Engineering (CE). One or more phases may have been funded.
